

Free Product Room

DID YOU KNOW?

Washington County residents have a product room where we can visit to browse shelves & take home needed products, such as; paint, stain, automotive related, household cleaners & others. Shelves are stocked by residents alike, we just bring in our no longer needed project paints and what not for another to pick it up. And, all of this is for free! The product room is located in the Environmental Center located at 4039 Cottage Grove Drive in Woodbury. Please contact 651.275.7475 with questions or visit <https://www.co.washington.mn.us/1316/Free-Product-Room> for more details.
